

ORIENTATION OF STAFF

Background

The Division is committed to the following principles and concepts:

- Lifelong learning.
- High support to facilitate high expectations.
- Encouragement and support for employees in maximizing and actualizing their potential through learning and growth.

The Division, as budgetary resources allow, will encourage and facilitate employee orientation measures.

Procedures

1. The Director will provide leadership in planning and developing orientation programs for the new employees.
2. Communities/schools are encouraged to provide, when possible, local orientation for all new employees coming into the community.
3. The in-school administrative staff shall provide leadership in planning and developing local orientation programs for the new employees.
