

STAFF APPRECIATION WEEK
February 14th to 20th, 2010

This week gives the Northern Lights School Division No. 113 Board of Education the opportunity to thank all the teachers and all the support staff involved in the education of our children.

February 14th to 20th is dedicated to all of you that give so much to the well being and educational development of our students. Each of you through your instruction and sense of caring and community, nurtures the curiosity and desire to learn that inspires the children in our schools. This takes effort from everyone at all levels.

On behalf of the Board of Education, School Community Councils, Parents and Community Members we would like to thank the teachers and staff with sincere appreciation for making our progress possible. Teneki, Thank You and Mersi Cho!
